It would be interesting to have information from the Mirah Hospital as to the number of patients (of both classes in & out-patients), who come from outside, treated in the Hospital.

If, as I imagine, there is a very large number coming from outside for treatment, the question of charging them some thing more than what is now the local patients might, perhaps, be considered.

18) It would perhaps look like an invidious distinction, particularly in a medical institution- to prescribe two scales of fees, one for Mysoreans and the other for those who come from outside the State. Instead, the existing scale may be raised so far as special wards are concerned. For a first class patient i.e., one who wishes to occupy a whole room, meant for two, for himself Rs.8/- a day may be charged and for a second class patient, i.e., one who desires to share a room with another patient, or take a room meant for one patient, Rs.4/- per day. This appears to be a satisfactory arrangement seeing that the majority of patients is outsiders. There is no reason why a scale of fee incommensurate with the cost involved should continue to exist. No distinction need be made between Indians and Europeans.

S. Subba Rao
Senior Surgeon.

P.S. At present the fee charged is Rs 4. for Europeans & Rs 2-8-0 for Indians.

(30) The Senior Surgeon recommends the abolition of the distinctions between Europeans and Indians and suggests that the fee for a first class patient should be Rs 8 While that for a second class patient should be Rs 4. At the last monthly meeting it was decided that the fee for a second class patient should be raised to Rs 4 a day. and Draft order is Subd in the linked file It is for consideration whether the fee for Indian patients of first class may also be raised from Rs 5 to Rs 8 a day. Order No. Med 85-29-3

Dated, Bangalore, 31st December 1929.

Added as per order on Rect. Sec. on 3/1/30

Sd by Mr. N. D. Rao

The Senior Surgeon in Mysore states that the scale of fees now levied from Indian patients for the occupation of special wards in Hospitals namely, Rs. 5/- a day for a 1st class patient and Rs. 2-8-0 a day for a 2nd class patient, is incommensurate with the cost actually involved for their maintenance and treatment. He also suggests that it is desirable to have one uniform scale of fees for both Indians as well as Europeans and Anglo-Indians instead of two different scales as at present. ~~Agreeing~~ with the Senior Surgeon ~~in this view, Government are pleased to~~ direct in modification of the order read above that the following rates of fees be levied from all patients ~~whether Indian or~~ European or ~~Anglo Indian wishing to~~ occupy Special Wards in Hospitals:-

And that it may also be in the case of European patients
